Honorable J. Howard McGrath
 The Attorney General
 Washington 25, D. C.

DOJ Review Completed.

Dear Howard:

When, five years ago, I sent Dr. Alexander to you and Senator Green to ask for assistance in bringing the Russian Orthodox Bishop Seraphim and fourteen Monks (refugees from Soviet Russia) from Switzerland to America, I was convinced that this group would be not only of the greatest importance to the millions of Russian Orthodox people in the United States of America, but that they would be useful in our fight against Communism.

Through my constant contact and visits to their monastery in Jordanville I could see the creation of the Russian Orthodox Church outside the Iron Curtain. With last year's arrival of the World Metropolitan Anastasius and the first World Congress of the Russian Orthodox Church since 1917 which was held in Jordanville on November 26, 1950, they have reached their aim. Through my periodic reports you are well informed about these and their other achievements.

Impressed by their hard educational and missionary work, their fanatical hate of Communism, I consider this outstanding intelligent group indispensable for the project which I have often discussed with you concerning

**DESTRUCTION OF THE POLITICAL SOVIET REGIME WITHOUT
 MILITARY FORCE**

On a visit to the monastery in Jordanville in October of last year I discussed confidentially with Archbishop Vitaly and Dean Dr. Alexander a detailed plan for

PENETRATING THE IRON CURTAIN BY USE OF TRADE WINDS

I am glad to have found their enthusiastic support and encouragement for this idea, and have since received their expert advice for the approach to the Russian people with such

means. This group is very eager to cooperate and assist with their advice in working out detailed plans for such approach through the important medium of the Russian Orthodox Religion. They see in the use of "TRADE WINDS" the most promising way of contacting the people behind the Iron Curtain.

In addition to the advice of this Religious group we can recruit other religious groups for this plan and many political experts from our Nationality Division with their valuable knowledge of the different nationalities and races behind the Iron Curtain.

We have studied the meteorology of the "Trade Winds" in detail, based on scientific observation, and my expose "OUR ONLY CHANCE" contains a map: TRADE WIND MOVEMENTS. This expose also gives further details of my plans.

I leave this confidential material with you in full confidence that you will bring it to the attention of the competent authorities for serious study.

You can be assured that I shall devote my entire energies to the successful development of this project for I have complete faith that, with your assistance, we shall accomplish our purpose.

With many thanks and best wishes, I remain,

Always yours,

Tony
